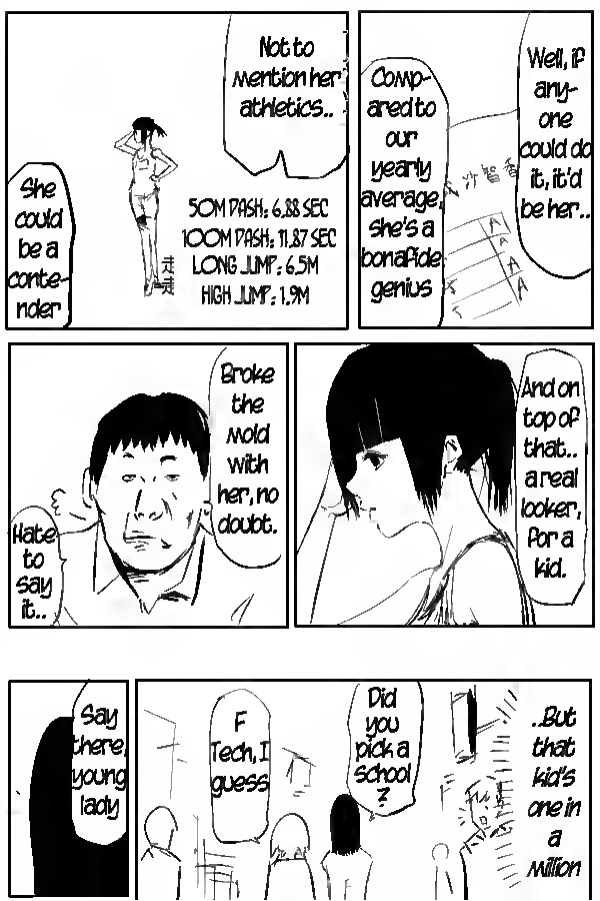
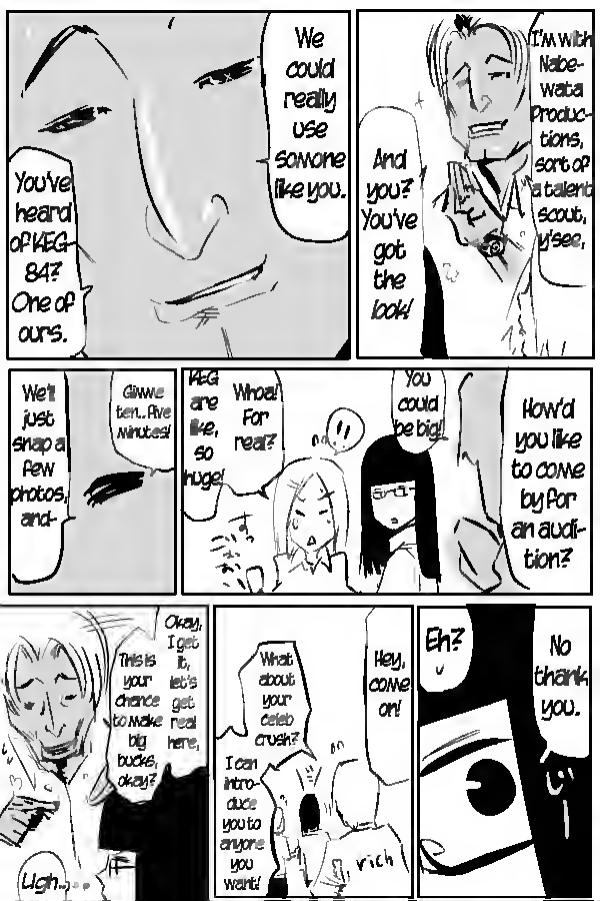
They have pretty high standards, you know
Tokyo U, eh?
So you only have the one school in mind?
Yes.
Have a good day.
No, no.. Forget it.
Is there a problem?
See you tomorrow.

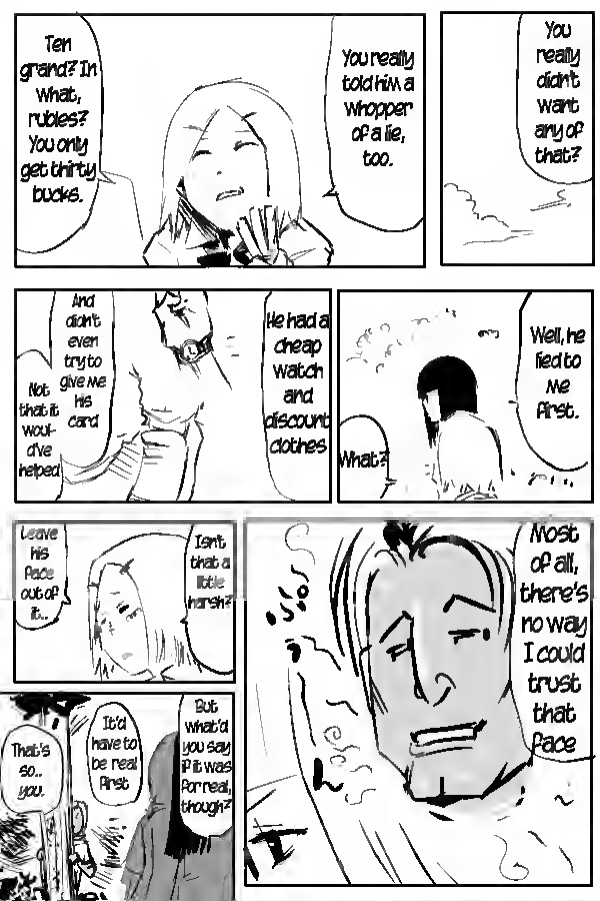


She could be a contender
Not to mention her athletics..
50M DASH: 6.88 SEC
100M DASH: 11.87 SEC
LONG JUMP: 6.5M
HIGH JUMP: 1.9M
Compared to our yearly average, she's a bonafide genius
Well, if anyone could do it, it'd be her..
I hate to say it..
Broke the mold with her, no doubt.
And on top of that.. a real looker, for a kid.
Say there, young lady
F Tech, I guess
Did you pick a school?
..But that kid's one in a million

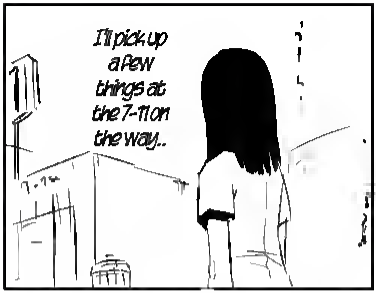


We could really use someone like you.
You've heard of KEG-84? One of ours.
I'M with Nabewata Productions, sort of a talent scout, y'see,
And you? You've got the look!
How'd you like to come by for an audition?
You could be big!
Whoa! For real?
KEG are like, so huge!
Gimme ten...five minutes!
We'll just snap a few photos, and-
Eh?
No thank you.
Hey, come on!
What about your celeb crush?
I can introduce you to anyone you want!
rich
Okay, I get it, let's get real here,
This is your chance to make big bucks, okay?
Ugh...

Okay, okay, but how about the money? I mean, real money here!
I'm not interested in meeting anyone
I already get
this is
a lie
Ten grand for allowance !!!
.Huh ?



Ten grand? In what, rubles? You only get thirty bucks.
You really told him a whopper of a lie, too.
You really didn't want any of that?
Not that it would've helped.
And didn't even try to give me his card
He had a cheap watch and discount clothes
What?
Well, he lied to me first.
Leave his face out of it...
Isn't that a little harsh?
Most of all, there's no way I could trust that face
That's so... you.
It'd have to be real first
But what'd you say if it was for real, though?



I'll pick up a few things at the 7-11 on the way..

See you tomorrow, Kanako.
